

Faith Is

“Now faith is the substance of things hoped for, the evidence of things not seen.”
Hebrews 11:1

Now faith is! It's right now!

For many, faith was. It was what Moses had, what Abraham had ...

Faith is not historical. Faith is now! Faith functions. Faith moves mountains now.

The qualities of faith are two:

- Substance
- Evidence

Faith is solid.

Faith is substance.

Faith is evidence.

Substance can be measured and analyzed. This puts faith into an area of knowledge where we can absolutely know what faith is.

Faith is the evidence of things not seen. Faith has its evidences. It produces.

Abraham believed God for a son, and he produced Isaac.

Strong's G4102 Pistis

1. Conviction of the truth.
2. A strong and welcome conviction or belief.

Do you have a strong conviction of the truth, when you speak of faith or trusting God?

Is there a welcome conviction that what you have read in the Word is true?

Or, do you merely hope?

Hebrews 11:1 “Now faith is the substance of things hoped for, the evidence of things not seen.”
